

## **Esports Summer Bootcamp**

### **Programme Overview**

The Esports Summer Bootcamp is the result of a collaboration between Level Academy, Malta's first esports academy and Area Academy, a European leader and trend setter in esports athlete education and development. Based on the 3 pillars of Education, Competition and Values, this bootcamp is designed to harness a student's passion for video games to impart a responsible, professional, athletic, and goal-oriented mindset.

### **Programme Description**

The Esports Summer Bootcamp is a Summer programme that serves as an introduction to esports as:

- 1) a discipline from the perspective of an athlete and;
- 2) as a profession from the perspective of a content creator, streamer or tournament administrator

Participants will attend a series of 16 x 3-hour sessions that will focus on the following areas:

#### **Areas of focus:**

- Self assessment
- S.M.A.R.T Goal Setting
- Communication
- Video analysis
- Live streaming
- Content Creation
- Health and Fitness
- In-game Specifics
- 21st Century Skills
- Tournament Participation
- Tournament Production

### **Aims and Objectives**

This training programme aims to:

- Encourage participants to train and compete in a healthy and stimulating environment;

- Target a combination of physical, mental, emotional and social well-being for the trainees;
- Raise awareness towards a healthy gaming lifestyle;
- Impart soft skills including but not limited to presentation and public speaking skills, interview skills, etiquette etc.
- Impart learner autonomy and agency onto athletes to encourage self-development through critical analysis and creative solutions.
- Incorporate training for different games and skill sets in a systematic manner;
- Impart transferable skills with a particular focus on Collaboration, Communication, Critical Thinking and Creativity (21st Century Skills for the workplace)
- Discard any stereotypes associated with video gaming.
- Promote careers related to esports.
