

## **Esports Autumn Bootcamp Programme**

### **Programme Overview**

The Esports Autumn Bootcamp Programme is the result of a collaboration between Level Academy, Malta's first esports academy and Area Academy, a European leader and trend setter in esports athlete education and development.

Based on the 3 pillars of Education, Competition and Values, this bootcamp is designed to harness a student's passion for video games to impart a responsible, professional, athletic, and goal-oriented mindset.

### **Programme Description**

This Autumn, Level Academy has evolved its training bootcamp into 3 dedicated programmes that target various age groups and esports disciplines. The 3 programmes are as follows:

- Valorant Camp (Aged 14+)
- League of Legends Camp (Aged 14+)
- Esports Academy Camp (Aged 9 - 13)

By focusing on specific disciplines and areas we aim to prepare you for your next epic showdown! These 8-week camps will take you and your teammates through Level Academy's elite training experience led by our talented coaches to raise your level of play. We have learned a great deal from our Summer bootcamp and our community about what makes a boot camp great and we're excited to offer it all to you. Bring your team or come alone and we will assign you to a group of similarly ranked players! \*

### **What To Expect**

- You will prepare with your team to play in our seasonal tournaments against other local teams
- Sessions will be managed by our coaches with a 1:10 coach/player ratio.
- 1:1 and group coaching
- Teamplay and tactics
- VOD reviews

- Specialized warmup to promote good posture and cognitive function
- Access to our community Discord server and exclusive opportunities to learn from local and foreign semi and pro players.
- Free team gaming hours
- Community building activities
- Open play sessions
- Development seminars and educational content
- End of camp performance report
- Meet people from all over Malta who love gaming!

## **Aims and Objectives**

This training programme aims to:

- Encourage participants to train and compete in a healthy and stimulating environment;
- Target a combination of physical, mental, emotional and social well-being for the trainees;
- Raise awareness towards a healthy gaming lifestyle;
- Impart soft skills including but not limited to presentation and public speaking skills, interview skills, etiquette etc.
- Impart learner autonomy and agency onto athletes to encourage self-development through critical analysis and creative solutions.
- Incorporate training for different games and skill sets in a systematic manner;
- Impart transferable skills with a particular focus on Collaboration, Communication, Critical Thinking and Creativity (21st Century Skills for the workplace)
- Discard any stereotypes associated with video gaming.
- Promote careers related to esports.
