

## Game Creation Afterschool Programme

### Programme Details

Programme Duration:	8 Weeks
Session Duration:	2 hours each
Start Date:	20th October 2022
End Date:	8th December 2022
Session Schedule:	Thursdays 1600PM - 1800PM
Price:	€200

### Target Group and Eligibility

This programme is aimed at individuals who share a passion for video games yet have little to no experience in game development or table-top gaming.

Minimum Age:	10
Maximum Age:	16
Minimum no. of participants per group:	10
Maximum no. of participants per group:	12

### Aims and Objectives

We merge the world of Table-top gaming with its digital counterpart through Digital Game-design. We will take you through the process of conducting a table-top role playing game and apply many of the facets found in it to the creation of a video game. From Character creation and design to World building and Level Design, we take you through the creative and artistic motions of table-top RPGs and transfer that to the digital world of game design.

This session will enable participants to:

- Understand what 'genre' means.
- Look at things through different perspectives (Hero VS Villain's perspective.)
- Become familiar with designing and printing their own character
- Become familiar with the elements which make up a good story.
- Analyse a story.
- Write their own story.
- Cater for a specific audience.

- Become familiar with transforming a story/world into an interactive campaign for a game.
- Become familiar with Table-top Role-playing games.
- Take a leading role as the narrator of a Table-top Role-playing campaign.
- Act as the referee of the game.
- Practise their creativity, spontaneously.
- Practice basic coding concepts
- Create user friendly interfaces
- Research game concepts
- Design Characters
- Design
